Bowl

In this show you will see glass art made by beginning and advanced glass fusing students.

Spoon rest

This great beginners project offers many options for fun designs.

Sculpture

You will be able to create pretty pieces right from the start. Don't worry we will help you with every step of the process.

Jewelry

Jewelry making has always been part of our classes. You will be able to create the most stunning pieces.

Mantel Clock

Making your beautiful artwork into unusual functional pieces seems to be the most popular.

Plate Tray Combo

Molds made with Kaiser Lee Board enable us to let you create nearly every shape you can dream up.

Class room at BIG Arts

Lizard

Cast Glass
Project

Wolfgang

All your pieces travel back and forth in those white boxes to our Studio in Cape Coral, where they will be fired.

Wind Chime

Many of our students come for several years and are creating beautiful advanced projects.

Playing with Hot Glass

Here you see one of our long time participants playing with hot glass.

Wall vase

This pretty wall vase can hold real flowers.

Draping Technique

Fused flat
first and then
draped over a
mold.

We offer all glass fusing supplies

Whatever colored glass you desire we will try to get it for you.

Everyone in class is creating their individual piece. We don't ask you to make something you might not need or like.

Petra's Ring Mobile!

▲ project for the insane. Which only happens when I have to much time on my hands in the summer. Many of our customers on the island are winter residents. Therefore we offer the classes at BIG Arts only from October through May.
